

World News Connection

hosted by East View

The U.S. Government discontinued daily updates for World News Connection (WNC) on December 31, 2013.

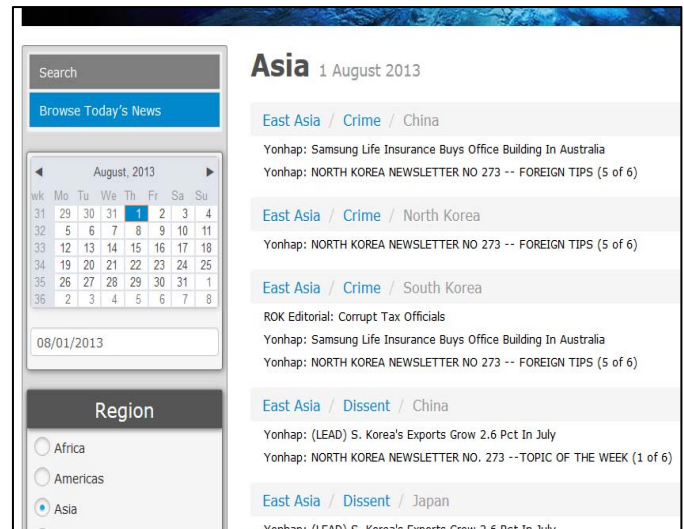

WNC started in 1995 by providing access to unfiltered press dispatches – methodically translated into English by the US Government. It grew to over 500 news sources from 130 countries!

This rich archive is now online, available through East View.

East View has been authorized to build and host the entire archive of WNC (November 1995 – December 31, 2013). The rich archive is delivered on East View's powerful user interface, specifically designed for this resource. Searching East View's WNC platform is intuitive and simple, with no clunky filters.

Researchers will still have access to over 1 million foreign newspaper articles, broadcast transcripts and datelines from Beijing, Beirut, Bogota, Cairo, Jakarta, Iraq, Mogadishu, Qatar, Ramallah, Sarajevo, Vienna, and hundreds of other spots around the world.
