

Russian Central Newspapers Online

A unique tool to access information

7 days a week, 24 hours a day

This full-text electronic database contains more than 60 titles of official and independent newspapers and journals on current events, politics, economics, science, culture, and public life of Russia.

Many titles have been manually scanned and digitized in-house and are available exclusively through East View. With archives going back as far as 1980, all content is legally secured by our long-term and established contracts with the publishers and suppliers of source material, guaranteed.

Through our exclusive agreements, a number of the publications found on East View's site appear before the print version is available. The content is 100% complete and unabridged in full text, with every table, graph and chart included as images. There are no excerpts or omissions—all content is accuracy-checked.

The **UDB of Russian Central Newspapers** at <http://dlib.eastview.com> is:

- ◆ **cutting edge**—better than print, with access to archives
- ◆ **user friendly**—includes Cyrillic transliteration in a virtual keyboard, browse capability and easy navigation
- ◆ **geared for libraries**, with content updates, permanent URLs, usage reports, perpetual access and direct authentication for an unlimited number of patrons

UDB-COM: Universal Database of Russian Central Newspapers

1. Search

Intended for academic libraries, government organizations, corporations, trade associations, and financial service firms:

- ◆ Foreign investors considering Russian opportunities
- ◆ Information professionals
- ◆ Faculty and students
- ◆ Marketing consultants and researchers
- ◆ Business advisors

Languages and Usage

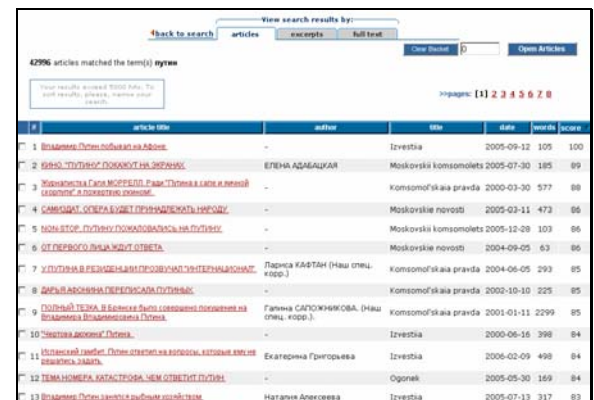

The newspapers and journals found in this database are in Russian, with some titles in English.

Through East View's specially designed search engine, users may search by author, title, publication, etc. with convenient searching in Cyrillic, transliteration, or a virtual Cyrillic keyboard.
