

The Completed Collection of 2005 China 1% Population Survey Data Assemblies

The best source for population data on China.

The "Collection" includes all 32 copies of 2005 China national and provincial 1% population survey data assemblies, which provide extensive coverage at national, provincial, city and county levels.

China Data Center

The China Data Center (CDC) at the University of Michigan is an international center for the advancement of research on China. The CDC supports research by providing high-quality data products and advanced tools. CDC's Census, statistical and GIS data products offer unique value for understanding China at the national, provincial, city, district, county, and township levels.

- Format**
- CD-ROM
