

Russian Library and Information Sciences Journals (UDB-LIB)

The most influential professional Russian-language journals for librarians

The Russian Library and Information Sciences Journals (UDB-LIB) collection is the first full-text online database of the most authoritative Russian periodicals on library science and bibliography as well as on archives and museums. This collection offers researchers a wide range of resources, both current and archived, on the preservation of Russia's national cultural legacy. Targeted to librarians, bibliographers and information specialists, UDB-LIB includes coverage of the current state of Russian libraries, bibliography standards, the operation of Russian archives, and the role of new technologies, as well as historical essays and reviews of books on history, literature, folklore and more.

East View's Universal Database™ Platform

As the largest provider of authoritative information on Russia and the former Soviet Union, East View offers an innovative approach to electronic research. We maintain redundant hosted environments for this content in Minneapolis and Moscow on our Universal Database™ platform (UDB).

Customize and Optimize Your Library

- Build collections from individual online titles
- Link options for Online Public Access
- IP/password access to standard or custom collections
- Stable URLs for linking on a database level or on individual title and article levels
- Mirror servers in U.S. and Russia
- Usage reports in COUNTER format

Increase Your Efficiency

- Interface functions are optimized for specific content types
- Browse by specific title and issue
- Mobile friendly access
- Easily exportable citations
- Transliteration, Russian, Ukrainian or English language searches
- Virtual Russian and Ukrainian keyboard displays available for ease of input
