

Ukrainian Publications (UDB-UKR)

Real-time access to essential Ukrainian newspapers and journals

The Ukrainian Publications (UDB-UKR) collection is devoted exclusively to newspapers and journals published in Ukraine. The collection covers Ukraine's progress along the reform path, the view and positions of various political forces, changes in legislation, ethnic relations, and organizational trends in development of the armed forces. For users interested in researching the history of the Ukrainian-Russian conflict, archives are available for most titles, making it easy to access coverage about the people who inspired the protesters at Euromaidan, to read viewpoints from Crimea during the Russian annexation, and more.
