

# East View Essentials
# Election Ephemera

**East View Essentials: Election Ephemera** features multiple packages of election material, grouped by country or region. These packages present an unprecedented collection of fleeting election material including party programs, propaganda materials, special newspaper editions, handbills, and more – all preserved for easy digital access. Representing a vast repository of primary source material from both presidential and parliamentary elections, as well as major referendums and social movements, these Essentials packages embody a unique "first stop" for policy analysts and observers of electoral politics in the countries of the CIS.
