OVERVIEW AND BACKGROUND

The 13th official census in Venezuela, with a reference date of October 22, 2001, enumerated 23,232,553 inhabitants. The United States Census Bureau, CELADE, UNFPA, AECID, and the Andean Community of Nations (CAN) provided support. Questionnaire printing, distribution, collection, scanning, and data capture was contracted to a private company, who provided ASCII data to INE. The Census of Indigenous Communities was carried out simultaneously, in administrative entities where designated population groups were located.
