# China Doctoral Dissertations

## The most comprehensive database of dissertations from China

**China Doctoral Dissertations (CDMD-CDFD,** 中国博士学位论文全文数据库）full-text database provides an unparalleled look into the academic research of China's most prestigious institutions. Offered via the China National Knowledge Infrastructure (CNKI, 中国知网) platform, CDMD-CDFD is the most comprehensive, highest quality database of dissertations from China, representing nearly 500 PhD-granting institutions, including the Chinese Academy of Sciences, the Chinese Academy of Social Sciences, and the Chinese Academy of Agriculture, among others.

CDMD-CDFD contains over 500,000 doctoral dissertations on a wide range of topics, including basic science, engineering and technology, agriculture, medicine, philosophy, and humanities and social sciences. Users can browse by subject or degree grantor, or search multiple fields in quick, basic, professional, fund or sentence search modes. CNKI's Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.

**China Doctoral Dissertations is offered through East View's China Research Gateway.**
Launched in 2022, China Research Gateway (CRG) transforms library access to Chinese resources by combining multiple databases into one package, supported by an accessible and user-friendly English-language portal. To learn more about CRG, please visit the CRG home page.

## Key Stats

- **Archive:** 1984-present
- **Language:** Chinese with English interface
- **Country:** China
- **Frequency:** Daily updates
- **Format:** Full text, PDF or HTML
- **Producer:** Tongfang Knowledge Network Ltd.
- **Platform:** CNKI (TKN)

## About CDMD-CDFD

### Content

CDMD-CDFD contains over 500,000 doctoral dissertations from 532 PhD-granting institutions since 1984.

CDMD-CDFD covers all areas of research and is organized into 10 subject series:

### Science and Technology Titles

- Physics/Astronomy/Mathematics (Series A)
- Chemistry/Metallurgy (Series B)
- Industrial Technology/Engineering (Series C)
- Agriculture (Series D)
- Medicine/Health (Series E)
- Electronics/Information Science (Series I)

**Social Science and Humanities Titles**

- Literature/History/Philosophy (Series F)
- Politics/Military Affairs/Law (Series G)
- Education/Social Sciences (Series H)
- Economics/Management (Series J)

**Features and Functions**

- Comprehensive coverage of Chinese dissertations, covering more than 99% of all degree grantors.
- Complete coverage of dissertations from "985 Project" and "211 Project" institutions, Chinese Academy of Sciences, Chinese Academy of Social Sciences, Chinese Academy of Agriculture, key state laboratories, etc.
- Exclusive or sole licenses by 241 PhD-granting institutions, 74% of the total in China.
- Systematic collection of scientific research findings from "863 Program" (National High-tech R&D Program), "973 Program" (National Basic Research Program), National Natural Science Foundation of China, and National Social Science Foundation of China, reflecting major achievements of national research programs.
- Reflects China's latest research achievements; updated daily and published at the latest 1.5 months after degree awarding, which is more than 10 months earlier than other similar products.
- The only official full-text dissertations publication product with ISSN and CN codes.
- Browse content or search multiple fields in basic, advanced, cross-database and cross-title search modes.
- CNKI's Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.
- Read content online (HTML) or download full text (PDF and CAJ).
