

Russian National Bibliography (UDB-BIB-RUS)

Access the most comprehensive bibliographic database in Russia

East View has digitized the Russian national bibliographies going back to 1980 and made them searchable in the Russian National Bibliography (UDB-BIB-RUS) collection. Digitally access the most comprehensive bibliographic product of Russian works and search for citations from books, newspapers, journals, dissertation abstracts, musical scores, even maps, with a single keystroke. Effortlessly access nearly five million Russian bibliographic citations in all disciplines from over 21,000 publishers by year, author, subject, title, or any keyword. Users can search in Cyrillic or transliteration to find relevant references. A new, faceted search narrows categories to source, year, author, publisher, location, and subjects. Cross-links in metadata deliver results by subject, source, author, and more.
