

China Academic Journals

The most comprehensive, full-text database of Chinese journals in the world

China Academic Journals (CAJ) is the largest and most continuously updated Chinese journal database in the world, containing over 60 million full-text articles and growing. Offered via the China National Knowledge Infrastructure (CNKI) platform, CAJ covers 99.9% of all academic journals published in mainland China, with comprehensive access to an impressive range of content in all disciplines, with over 10,000 journals categorized among 10 series, 168 subject, and over 3,000 sub-subjects.

China Academic Journals is offered through East View's China Research Gateway.
Launched in 2022, China Research Gateway (CRG) transforms library access to Chinese resources by combining multiple databases into one package, supported by an accessible and user-friendly English-language portal. To learn more about CRG, please visit the CRG home page.

Key Stats

- **Archive:** 1994-present
- **Language:** Chinese with English interface
- **Country:** China
- **Number of Titles:** over 10,000
- **Frequency:** Continuous updates
- **Format:** Full text, PDF or HTML
- **Producer:** Tongfang Knowledge Network Ltd.
- **Platform:** CNKI (TKN)

About CAJ

CAJ contains over 10,000 journals, including:

- 8,400+ academic journals
- nearly 2,000 core journals
- 3,300+ online-first journals

Features and Functions

- **Multiple navigation methods:** Supports navigation by subject, online-first, citation index databases, publication frequency, journal honors, core journals, sponsors, and more.
- **Robust search methods:** XML fragmentation technology improves search efficiency and accuracy through multiple search methods, including quick search, basic search, professional search, author search, source search, fund search, sentence search, and search in results. Chinese-English cross-language search is supported.
- **Numerous search fields:** Users can search multiple fields, including: subject,

title, keywords, abstract, author, first author, author affiliation, journal title, reference, full text, year, issue, DOI, China Library Classification (CLC) code, ISSN (where available), and CN.

- **Sorting and grouping:** Horizontal grouping of search results by subject, title, fund, research level, author, author affiliation, and keywords. Sort by publication date, relevance, cites, and downloads.
- **Knowledge networks:** CNKI's Knowledge Network Node displays a network of citations, similar subjects, author affiliations, and more to enhance research and efficiency.
- **Online-first publications:** CAJ features over 3,300 online-first journals which are available online 3-6 months earlier than in print.
- **Downloads:** Read content online (HTML) or download full text (PDF and CAJ).
