

Higher School of Economics Academic Journals (UDB-HSE)

Key journals from one of Russia's top universities

Consistently ranked as one of Russia's top universities, the Higher School of Economics is a leader in Russian education and one of the preeminent economics and social sciences universities in eastern Europe and Eurasia. Having rapidly grown into a renowned research university over the last two decades, HSE sets itself apart with its international presence and cooperation. Now a dynamic university with four campuses, HSE is a leader in combining Russian education traditions with the best international teaching and research practices. Since 2013, HSE has been a member of the 5-100 Russian Academic Excellence Project, a highly selective government program aimed at boosting the international competitiveness of Russian universities.

The Higher School of Economics Academic Journals (UDB-HSE) collection includes 10 titles from this respected institute on a number of topics including economics, education, law, psychology, management, and more.
