# Modern China Digital Archive

**Historic academic journal featuring first-hand materials from the Kuomintang authorities**

Founded in 1977 by the Historical Commission of the Kuomintang Party, *Modern China*（近代中國）was renowned for its coverage of Chinese Republican history, the Revolutionary Martyrs archives, and revolutionary documents of China. While other historic academic journals of its kind are focused on discourse and commentary, *Modern China* published first-hand historic materials from the Kuomintang authorities, revealing the "oral history" of the most important figures of the Republic's history, and combined exclusive archive materials and historic research not found anywhere else. *Modern China* also sponsored international academic seminars, which were covered by the journal, with participants from mainland China, North and South Korea, Japan, Hong Kong, as well as Taiwan.
