

Russian Central Newspapers (UDB-COM)

Comprehensive coverage of national news, current events, economic developments and cultural events in Russia

The Russian Central Newspapers (UDB-COM) collection provides same-day full-text access to more than 60 of the most influential daily and weekly Russian publications on current affairs, including news magazines. Archives dating back to 1980 can be found online in this exclusive collection. Current official sources such as *Rossiiskaia gazeta*, independent media and partisan publications, and several English-language newspapers such as *The Moscow Times* are included. Many titles have been manually scanned and digitized in-house and are available exclusively through East View. All content is legally secured by our long-term and established contracts with the publishers and suppliers of source material, guaranteed. Through our exclusive agreements, a number of the publications found on East View's site appear before the print version is available. The content is 100% complete and unabridged in full text, with every table, graph and chart included as images. There are no excerpts or omissions—all content is accuracy-checked.
