

# East View Press E-Books

East View presents a new collection of e-books for Eurasian, Eastern European, Middle Eastern, and Asian scholars and researchers: ***East View Press E-Books***

Available for the first time, East View offers a complete electronic collection of books produced over the last several decades by our publishing division, East View Press. This is a diverse compendium of materials from Russia, China, and beyond, all thoughtfully selected and carefully translated into English. This unique collection covers a wide array of fields ranging from politics to economics, military theory, cartography, social sciences, popular culture, and more.

The fully searchable format of the East View Press E-Books collection makes it an ideal resource for academic researchers, faculty, and students who seek critical and authoritative perspectives from scholars and experts abroad on a variety of topics of international concern. These e-books make a valuable and singular contribution to universities, government, non-profit research institutions, and any other customers with the mission of gaining a deeper understanding of key regions of Eurasia, the Middle East, and Asia.

The *East View Press E-Books* collection can be accessed through East View's Universal Database (UDB) E-Book platform, allowing for filtering by genre and author, sorting by title, searching in Cyrillic and transliteration. Similar to other UDB products, this collection is being offered for perpetual access. The book format is "smart" PDF. Each title has been assigned a unique ISBN number.
